

# Anamika Regmi

**Phone:** 9862764000 | **Email:** anamikaregmi1@gmail.com | **Location:** Arjundhara-07, Jhapa, Nepal

## Career Objective

I'm a motivated and curious student looking for an internship where I can learn by doing. I enjoy working on real-world projects, especially in front-end development and design. I want to improve my skills, contribute to meaningful work, and grow with a team that supports learning and creativity.

## Education

### Bachelor of Information Management

Mechi Multiple Campus, Jhapa  
2022 – Present

## Technical Skills

**Programming Languages:** JavaScript, C, HTML

**Frameworks & Libraries:** React, Tailwind CSS, Node.js

**Tools & Platforms:** Git, VS Code, Figma, DevTools

**Other Skills:** UI/UX Design, Responsive Design, Speech Recognition

## Projects

### 1. Voice Based Calculator

A calculator that listens and calculates using speech commands via Web Speech API.

Technologies: React, Web Speech API, Tailwind CSS
